Lunar Boundary Mastery Planner

Seal your biggest energy leak in **13 lunar cycles**—with structure, scripts, and moon-aligned momentum. No fluff. Just magic that works.

Your power doesn't need permission. Neither do your boundaries.

Welcome, Boundary Builder

A planner for modern mystics who want implementation—not inspiration.

This is not a “good vibes only” journal. This is a **system**. You’ll track what’s leaking, practice the awkward scripts, and build the muscle until “no” stops feeling like a crime. Use it imperfectly. Start in the middle. Skip pages. Come back. The goal is not aesthetic planning. The goal is **boundary mastery**.

WHAT THIS PLANNER IS

- A 13-cycle reinforcement system that strengthens boundaries over time.
- A blend of lunar timing + practical boundary practice (scripts, tracking, reflection).
- A safe place to tell the truth about what you’re no longer available for.

WHAT THIS PLANNER IS NOT

- Not a permission slip. If a boundary is being crossed today—handle it today.
- Not spiritual bypassing. We don’t “vibe” our way out of patterns.
- Not a guilt factory. Discomfort is normal. You’re learning.

One rule: imperfect action beats perfect planning. Choose one leak. Take one action. Repeat.

Your Boundary Blueprint Results

Bring your quiz scores here. This is your starting map.

RELATIONAL (OUT OF 15)

PROFESSIONAL (OUT OF 15)

ENERGETIC (OUT OF 15)

SELF (OUT OF 15)

OVERALL BOUNDARY IDENTITY

Open Door boundaries are optional and everyone knows it.

Cracked Window you try... but you keep reopening what you closed.

Sacred Boundary Keeper you protect your energy like it's currency. Because it is.

CIRCLE ONE

YOUR WEAKEST CATEGORY (BIGGEST LEAK)

Pick the lowest score. This will be your primary focus in Quarter 1.

WHY THIS MATTERS RIGHT NOW

Your 90-Day Boundary Repair Strategy

This is how you stop leaking—without trying to “fix your whole life” by next Tuesday.

1) YOUR WEAKEST CATEGORY

2) WHAT “HEALED” LOOKS LIKE IN 90 DAYS

3) WHAT WILL LIKELY FEEL UNCOMFORTABLE

Name it now so it doesn’t surprise you later.

4) THE 3 BEHAVIORS YOU’RE PRACTICING FIRST

Small. Repeatable. Non-negotiable.

Reminder: boundaries are doors with locks you control—not walls. You’re not shutting people out. You’re choosing what gets access.

Relational Boundaries

People, family, friends, partners—aka guilt's favorite playground.

WHEN IT'S LEAKING

- You explain yourself into exhaustion.
- You say yes to keep the peace.
- You manage other people's emotions like a job.

WHEN IT'S SEALED

- You tolerate discomfort without folding.
- You communicate clean and stop over-justifying.
- You let grown adults feel their feelings.

GO-TO SCRIPTS (3-5)

- "That doesn't work for me."
- "I'm not available for that."
- "I'm going to disappoint you, and I'm still saying no."
- "I'm not discussing this further."

WARNING SIGNS TO WATCH

List your early warning signals. These show up before the boundary breaks.

Flip-back reference

When a pattern shows up mid-cycle, flip back here before you spiral.

Professional Boundaries

Work, time, scope—aka the land of “quick question.”

WHEN IT’S LEAKING

- You’re always “on.”
- Scope creep becomes your personality.
- You over-deliver to avoid conflict.

WHEN IT’S SEALED

- You clarify expectations early.
- You protect deep work time.
- You say “no” without apologizing into a TED Talk.

GO-TO SCRIPTS (3–5)

- “I can do A or B—what’s the priority?”
- “What does success look like, specifically?”
- “I’m at capacity. The earliest I can start is ____.”
- “Please put that in writing so I can track it.”

WARNING SIGNS TO WATCH

List your early warning signals. These show up before the boundary breaks.

Flip-back reference

When a pattern shows up mid-cycle, flip back here before you spiral.

Energetic Boundaries

What you absorb, tolerate, and carry that was never yours.

WHEN IT'S LEAKING

- You feel drained after “nothing happened.”
- You doomscroll and call it “staying informed.”
- You merge with other people’s chaos.

WHEN IT'S SEALED

- You notice early and exit sooner.
- You cleanse, reset, and detach daily.
- You stop treating empathy like a life sentence.

GO-TO SCRIPTS (3–5)

- “I need to step away and reset.”
- “I can’t hold that with you right now.”
- “I’m going to pause this conversation.”
- “That energy isn’t mine to carry.”

WARNING SIGNS TO WATCH

List your early warning signals. These show up before the boundary breaks.

Flip-back reference

When a pattern shows up mid-cycle, flip back here before you spiral.

Self Boundaries

The boundary most people skip—until burnout forces it.

WHEN IT'S LEAKING

- You break promises to yourself first.
- You treat rest like something you "earn."
- Your inner critic has a megaphone.

WHEN IT'S SEALED

- You keep small daily promises.
- You speak to yourself like someone you love.
- You stop negotiating your non-negotiables.

GO-TO SCRIPTS (3-5)

- "I keep promises to myself."
- "Rest is part of the plan."
- "I don't abandon myself to be liked."
- "I can be kind and still be firm."

WARNING SIGNS TO WATCH

List your early warning signals. These show up before the boundary breaks.

Flip-back reference

When a pattern shows up mid-cycle, flip back here before you spiral.

Why Lunar Timing Works

Skeptic-friendly. Mystic-approved. Structure first.

THE PRACTICAL EXPLANATION

The moon is the world's oldest reminder app. You're using a repeating rhythm to review what's working, practice what's hard, and release what's outdated—on a schedule.

Translation: you stop “forgetting” boundaries until burnout forces it.

THE ENERGETIC EXPLANATION

Different phases support different tasks. You're not forcing the same kind of work every day. You're flowing through a cycle: plant → practice → release → integrate.

THE NO-PERMISSION RULE

You don't wait for the “perfect moon” to stop a boundary violation happening today. This planner is for building a **sustainable** practice—not delaying action.

MOON PHASE FOCUS AT A GLANCE

- **New Moon:** set intention + choose one leak to seal.
- **Waxing:** practice scripts + build the muscle.
- **Full Moon:** celebrate wins + release guilt/patterns.
- **Waning:** integrate + cleanse + rest.

2026 Lunar Overview

Pacific Time (Hillsboro, OR). **Full Moon first** (closure) → **New Moon** (initiation).

HOW TO USE THIS

Full Moon = close the loop + release guilt. New Moon = set the boundary + start the reps.
